Letter of introduction to Yorkshire Fabrication Limited

For the attention of the Purchasing Department,

This letter is intended to formally introduce Yorkshire Fabrications Ltd. We would like to put on record our keen interest in being considered for future tendering opportunities, for both national and regional Architectural Metalwork, Structural and Secondary Steelwork packages that your company may be involved with.

Welcome to Yorkshire Fabrications Ltd

Yorkshire Fabrications Ltd was established by its current directors in 1996, whose commercial background lies within the construction and fabrication industries. From its initial conception, Yorkshire Fabrications Ltd has built a reputation for providing unsurpassed quality and service within the architectural metalwork, structural and secondary steelwork fabrication sectors.

At Yorkshire Fabrications Ltd we pride ourselves on our ability to react to even the most detailed of client requirements, but never losing sight of the original philosophies on which the company was built.

Our core company strength is in providing a well co-ordinated and project managed metalwork package, from tender stage through to contract completion.

We are confident of being able to guarantee full commitment and satisfaction on all contracts regardless of size or market sector.

We undertake the design, manufacture and installation of Architectural Metalwork, Structural and Secondary Steelwork including:

Architectural

- Internal and External Balustrades in Polished Stainless Steel and Mild Steel in various finishes including Shot blasted & Primed, Polyester Powder Coated, Nylon Coated, Galvanised and Painted with various infills including Glass, Wire, Perforated Plate, Bar and Tube.
- Structural Glass and Timber Balustrades
- Internal and External Staircases including bespoke designs, feature stairs, spirals, fire escapes,
- Balconies
- Canopies
- Railings, Gates and Fencing
- Cycle Shelters, Cycle Hoops, Bollards, Trolley Bays, Car Park Barriers
- Suppliers of Kee Klamp Type Handrail Systems
- Armco Safety Barriers

Services Provided:

As a proactive and forward thinking subcontractor, we are able to offer the following services;

Commercial / Financial

Tender/Estimating contracts – Quotations provided on contracts from bills of quantities to plan and specification.

Design Services

Our designers work alongside main contractors, architects, engineers and also directly with clients to provide the most appropriate solution to fulfil project requirements. The latest CAD technology is used and our designers have access to a comprehensive technical library, we offer a full design package including structural calculations and working drawings, to ensure compliance with current building regulations.

Value Engineering

Advice and recommendations on how to minimise building costs, thus maximising contract profitability, coupled with improved quality, increased productivity and ultimately improved customer satisfaction.

Project Management

Committed and experienced professionals capable of project managing a variety of project sizes and types.

Health & Safety

Health & Safety planning, assessment and execution of all statutory and project specific issues.

Environment

Environmental awareness, waste reduction, recycling and waste management.

Market Sectors

Yorkshire Fabrications Ltd can operate within a diverse range of construction sectors including;

- Commercial
- Education
- Industrial
- Health & Leisure
- Hotel
- Retail

Geographical Areas

Our location plays a key role in our operations. Being in Sheffield is an obvious geographical advantage. This central location provides ease of access in short time to all major cities and areas of the UK.

Yorkshire Fabrications Objectives

Vision

Our vision is to be the market leaders in respect of quality, on-time building solutions, value for money with customer service and satisfaction being our key aim.

Mission Statement

Our ambition is to become and remain an industry benchmark for quality and professionalism. Our reward is to be a company that people want to work with and work for.

I hope that the above provides an insight into what Yorkshire Fabrications Ltd has to offer. I am confident that we can fulfil your requirements.

However should you require further information, please do not hesitate to contact myself.

We look forward to a mutually beneficial and long standing working relationship should our company be successful in securing a place on your Sub-Contractor tender list.

Yours sincerely

Mark Pearson
